2 (Call to Order)

3 **THE COURT:** The Court calls Cause Number 2:16-CV-71,
4 *Gil, et al versus De Laune* -- how do you say that?

5 **MR. BULLOCK:** It's De Laune, your Honor.

6 **THE COURT:** -- *De Laune Drilling Service*. If the
7 Plaintiff will announce for the record.

8 **MR. STEADMAN:** Tim Steadman and Matthew Ford of
9 Holleman & Associates for the Plaintiffs.

10 **THE COURT:** The Defense?

11 **MR. BULLOCK:** Ken Bullock for the De Laune
12 Defendants.

13 **THE COURT:** Okay. For -- we're here on -- Defendants
14 have filed a motion to extend the deadline to respond to the
15 certification issue or motion and a motion to compel discovery.
16 There's some information in the briefing that you-all didn't
17 really confer or not. So if you didn't, I'm going to ask you
18 to do that now.

19 So what's Defendants' position on that?

20 **MR. BULLOCK:** Your Honor, I believe it's indicated in
21 the briefing. From our perspective, we attempted to confer
22 with counsel for the Plaintiffs but for a number of reasons did
23 not receive return phone calls or any kind of response until --

24 **THE COURT:** There's been some time, I would think.
25 Maybe you had to get your motion on file for some reason. Have

1 you-all conferred? I mean -- and the reason I ask this -- I
2 mean, really, when you file a motion for conditional
3 certification on the date of service, you-all aren't going to
4 agree to extend some time there? I mean, that's what I'm
5 saying. It seems like some of this could have been resolved.

6 **MR. BULLOCK:** Your Honor, Ken Bullock for the
7 Defense. I -- that's -- that would be our desire as well.
8 Obviously, that's the impetus for the filing of our motion and
9 since the filing of our motion and the receipt of opposing
10 counsel's response, there has not been any further comments.

11 **THE COURT:** I know. And I'm just going to tell --
12 because it sounds like you-all might be around for a while and
13 if this is the way we'll be conducting ourselves -- when it
14 says "confer," for my purposes, that means speaking to each
15 other, not sending an email, not, you know, sending a letter or
16 whatever it may be. It means get on the phone where you can
17 work -- I would have thought the issue of hey, you need an
18 extension because we filed the motion to certify on the day we
19 filed the law suit, that --

20 **MR. STEADMAN:** Your Honor --

21 **THE COURT:** Why did you oppose that?

22 **MR. STEADMAN:** Our opposition would be --

23 **THE COURT:** Maybe the timing when they wanted it done
24 but the way I read this is we're opposed to it.

25 **MR. STEADMAN:** Yes, we're opposed because the purpose

1 of this extension is to allow for, appears substantial
2 discovery. This isn't a situation where it appears the
3 Defendant wants another week or so to gather their information
4 and respond. They want to depose the nine opt-in Plaintiffs
5 before responding. So that actually pushes their response time
6 out at least 30, 45, 60 days.

7 **THE COURT:** Okay. So does Defense want to proceed
8 then with your motion in its entirety? I guess we're going to
9 have to address all of it?

10 **MR. BULLOCK:** Yes, Judge, that would be fine. Your
11 Honor, as the Court has noted out--

12 **THE COURT:** Just -- I'm sorry. Just back to my
13 question -- so did you-all ever really confer? No?

14 **MR. BULLOCK:** We made at least three phone calls to
15 opposing counsel, received no response.

16 **THE COURT:** So no -- what does the Plaintiff say?
17 No, we never visited?

18 **MR. STEADMAN:** There were two phone calls. We sent
19 an email right before the answer was due and said, we don't
20 have time to visit until Thursday or Friday and the response
21 back was, I'd like to share a piece of information because
22 you're going to be disappointed in this case and that was the
23 extent of it.

24 **THE COURT:** So no?

25 **MR. STEADMAN:** No.

1 **THE COURT:** So no?

2 **MR. STEADMAN:** No.

3 **THE COURT:** Okay. I'm going to let it go forward and
4 we're going to go forward today but please -- I'm admonishing
5 you-all. That's not the way I see conferences going on motions
6 that are going to take up the Court's time. So Defense can
7 proceed.

8 **MR. BULLOCK:** Thank you, Judge.

9 As the Court's noted, the Plaintiffs filed their
10 complaint and also on the same day filed a motion for
11 conditional certification on -- that was on March the 2nd.
12 Defendants were not served until after -- the week after the
13 filing of the original complaint. Once we were retained on
14 behalf of the Defendants in this case, we had sent letters to
15 the opposing counsel indicating our involvement in the case,
16 also made at least three phone calls to opposing counsel trying
17 to, for example, confer with respect to the filing of the
18 Plaintiffs' motion for conditional certification, also the time
19 to schedule the Rule 26 conference and consider discovery in
20 the case.

21 After receiving no response from opposing counsel
22 except one email which, as the Court can see from the record,
23 was -- at least cast certain aspersions about our attempts to
24 make contact and also have indicated in the Plaintiffs'
25 briefing presume that there was a request for an extension in

1 there but made no attempt to respond. We filed an answer in
2 response to the pleadings on March the 30th and then on March
3 the 31st, the following day, filed this motion for extension of
4 time.

5 As the Court knows, Rule 6(b) governs motions or
6 requests for extension of time. It would be Defendants'
7 contention with respect to this case that since the motion for
8 conditional certification was filed on the same day as the
9 complaint, they weren't served until after -- a week after
10 their filing. The standard local rule -- Rule Number 7
11 regarding a typical 21-day response would have required
12 Defendants to respond at least a week in advance of when our
13 responsive pleadings would have been due under Rule 12.

14 So it's our contention that this request for
15 extension is made before any kind of deadline would start to
16 run. In other words, the deadline for us to respond to the
17 motion for conditional certification would have started on --
18 when we made an appearance on the case on March 30th. To the
19 extent that the Court has a different interpretation of the --

20 **THE COURT:** Yeah, I don't. I don't mind extension
21 because of the -- procedurally it was filed when the lawsuit
22 was filed but I guess the issue is going to be how long -- I
23 mean, what do you need?

24 **MR. BULLOCK:** Well -- and, Judge, Docket Number 9 in
25 this case is the Court's initial order for conference which

1 sets the initial conference in this case for June 10th.
2 Mr. Steadman and I had conferred before this hearing with
3 respect to scheduling our Rule 26(f) conference which we are
4 going to conduct in person immediately at the conclusion of the
5 hearing today. The Plaintiffs have served written discovery.
6 We likewise have served written discovery. That, of course,
7 will be getting served today once we conclude our conference.

8 So my thought, Judge, with the Court's indulgence, is
9 we serve discovery today. Thirty days, the responses are due
10 by May the 6th. Then we have two to three weeks for
11 (indiscernible) to conduct the depositions of the Plaintiffs
12 and
13 opt-ins during that time after we receive the discovery
14 responses --

15 **THE COURT:** And what information do you need on the
16 depositions?

17 **MR. BULLOCK:** Well -- and these being merits of
18 discovery, your Honor.

19 **THE COURT:** Well, we're not doing merits. I'm just
20 looking at certification probably. If you're wanting
21 discovery, I think it's limited to certification issue for now.

22 **MR. BULLOCK:** Okay.

23 **THE COURT:** I think that's the way this is usually
24 handled until the Court determines whether it's appropriate to
25 conditionally certify the class and authorize notice.

1 **MR. BULLOCK:** To the extent the Court would require
2 then that we would have limited or targeted discovery for
3 conditional certification, the depositions, for an example,
4 would cover things like the similarly situated nature of the
5 claimants and the opt-ins and the Plaintiffs. For example, the
6 Plaintiffs' motion for conditional certification is made on
7 behalf of five Defendants and then of course the other
8 similarly situated but there are four declarations that are
9 included. Three of those declarations are pertaining to one
10 proposed class by the Plaintiff. Only one of the declarations
11 is pertaining to the second proposed class that's been set
12 forth by the Plaintiffs.

13 So the discovery would include determining what
14 happened to the fifth guy. In other words, why -- there are
15 five Plaintiffs in the case but only four declarations that
16 have been provided so far by the Plaintiffs. Why has that
17 fifth Plaintiff not provided a declaration, one of the
18 virtually identically worded declarations that's been provided
19 by the Plaintiffs? Also determine their --

20 **THE COURT:** But why do you need the -- is he part of
21 the four or -- because -- what was the argument, that one of --
22 there was only one declaration that dealt with a certain group,
23 job description, I guess, and the other four did something else
24 and where does that one go on that we didn't have the
25 declaration for?

1 **MR. BULLOCK:** Partly -- and I apologize if I didn't
2 make that clear.

3 **THE COURT:** No, you probably did. I probably missed
4 it.

5 **MR. BULLOCK:** Thank you, Judge. There are five total
6 named Plaintiffs in the lawsuit. Plaintiffs in support of the
7 motion for conditional certification provided four
8 declarations. So we would like to take the deposition of the
9 fifth Plaintiff who did not provide a declaration to determine
10 whether that individual -- that fifth Plaintiff that does not
11 give a declaration, does he contend that he's part of the first
12 class or the second class that proposed to file a claim?

13 **THE COURT:** And I guess you won't get that in
14 interrogatory -- or the written discovery?

15 **MR. BULLOCK:** Well, Judge, I believe we're entitled
16 to take a deposition to be able to determine what his job
17 duties were --

18 **THE COURT:** Well, I need to limit the deposition to
19 what is necessary and if we don't need a deposition, we don't
20 do it if we can get -- you know, if we're going to get the
21 information through written discovery or through your records
22 that you have to figuring out who these people are -- I guess
23 I'm just asking, why can't you get that? I mean, why do you
24 need to depose the people? I'm not saying you don't and I'm
25 not saying I've never granted depositions before in a

1 certification when we're dealing with a conditional
2 certification issue but it's not just, oh, we just want to go
3 see. It's like, I really need this information to determine if
4 it's appropriate to go forward with notice and, you know, to
5 conditionally certify the class.

6 **MR. BULLOCK:** And, your Honor, I'll try to respond to
7 that point directly. And as indicated, there are two proposed
8 classes that the Plaintiffs have sought to be initially
9 certified in their motion and though the declarations that have
10 been provided -- so far of the four, three of those go to one
11 of the proposed classes. Only one declaration goes to the
12 second proposed class and so our --

13 **THE COURT:** And the other one, we don't have?

14 **MR. BULLOCK:** And that's --

15 **THE COURT:** Okay. So why didn't we provide that
16 declaration from that Plaintiff to at least give them some
17 information on who the representative Plaintiffs are?

18 **MR. STEADMAN:** Candidly, your Honor, I was able to
19 meet with the first four in person and the fifth person signed
20 up later and wanted to get it on file to stop the tolling in
21 the statute of limitations before we filed our motion, which is
22 the only reason that there's no declaration from the fifth guy.
23 He -- his name -- who is -- Angel Arredondo. He is a tool
24 pusher.

25 **THE COURT:** All right. Mr. Bullock, do you want to

1 proceed?

2 **MR. BULLOCK:** Yes, Judge. And so the -- again, I --
3 it would be -- from our perspective, I believe it would
4 progress to litigation if we were able to do merits discovery
5 but with the Court's acknowledgement that at this point, the
6 Court wishes to limit any discovery that may be allowed to
7 target it to simply on the issues of conditional certification.
8 Then with that in mind, our ideas for the discovery would be
9 simply the factors that are necessary for the conditional
10 certification analysis under the U-step Lizardi approach. So
11 the idea is substantially sound --

12 **THE COURT:** Right. But we're usually looking at kind
13 of job duties, descriptions or they were -- and you would not
14 have that information, I guess?

15 **MR. BULLOCK:** Well, Judge, I believe we'd like to
16 have the opportunity to ask the different named Plaintiffs and
17 the opt-ins as well because the consents that have been filed
18 by the opt-ins at least at this point provide no other
19 information other than the fact that they wish to consent to
20 join the collective action.

21 So there's not been provided any kind of detail about
22 what -- which of the two proposed classes that they would fall
23 into and so those issues -- and then as a matter of a little
24 bit more specific detail, the two proposed classes that are
25 sought by the Plaintiffs involve a group of drilling hands and

1 then also a group of tool pushers and for lack of a better
2 word, the drilling hands are the workers and the tool pushers
3 are kind of the site foremen -- job foremen, I guess, may be a
4 way to describe that.

5 But often those job duties will not necessarily be so
6 different between the two positions and then at each individual
7 drill site, depending on how that drill site is run by the
8 particular well owner or operator and that well owner or
9 operator's representative, the company man, at the well site.
10 All those duties may be completely different at each
11 individually -- each individual different drill site.

12 And so our opportunity to take deposition of these
13 named Plaintiffs and then opt-in claimants will give us an
14 opportunity to determine and confirm, I believe, that at each
15 individual drill site that they worked at over a course of two
16 to three years -- each one of them has been conducted different
17 -- in a different manner. They've done different jobs.
18 They've had different responsibilities at each different level
19 and each different well site.

20 So I believe those are all issues, for example, that
21 we would like to pursue and I think that we're entitled to
22 pursue that directly relate to the issue of conditional
23 certification. Obviously, it's a similarly situated analysis.

24 **THE COURT:** Okay. Mr. Steadman?

25 **MR. STEADMAN:** Yes, your Honor. And just to back a

1 little up just a touch then, the Plaintiffs are drilling hands
2 and tool pushers that worked for a drilling company called
3 "De Laune." There currently are three tool pushers, Pablo
4 Alaniz, Angel Arredondo, Daniel Trevino who had filed consents
5 to join as tool pushers and there are seven drilling hands,
6 Ricardo Grill -- Gill, Lucas Lopez, Juan Ortiz, Jacob Adolfo
7 Del Garza -- De La Garza, William Nash, Marcos Joel Hernandez
8 and Jonathan Gonzalez.

9 In addition, Pablo Alaniz, Angel Arredondo and Daniel
10 Trevino each also worked as drilling hands but we believe
11 outside of the statute of limitations going back further than
12 three years.

13 Now, based on the information provided in the
14 answers, drilling hands and tool pushers appear to be discrete
15 jobs at De Laune. They had a typical schedule of working
16 twelve days on and two days off. That was admitted in the
17 answer. Plaintiffs allege that these are pretty long days, 16
18 to 18 hours a day, but there's no dispute that drilling hands
19 and tool pushers were not paid overtime.

20 At least with regards to the four named employees --
21 or I'm sorry -- excuse me -- the named Plaintiffs, there's no
22 dispute that those individuals were employees of De Laune
23 during the period -- during the statutory period as opposed to
24 being independent contractors. There likely will be some
25 dispute -- drilling hands unload and roll pipe, operate

1 equipment and clean. Tool pushers are foremen. Their -- we
2 allege that their primary duty is to operate the drilling rig.

3 With regard to variation among the individual drill
4 sites, it's still a drill site. De Laune is providing similar
5 services on all on these sites and I believe every Plaintiff
6 worked at multiple drill sites. We don't believe that there
7 will be much variation at all between their job duties. The
8 fact that -- particularly with the drilling hands who are the
9 workers, the issue in this case is going to be what exemption
10 can they qualify for. That's the single unifying policy.
11 There is a position called "drilling hands." There is a
12 position called "tool pushers."

13 The question in this case is, are duties individuals
14 perform exempt job duties? And these individuals -- although
15 there might be variation from job site to job site, every
16 individual is also working on different job sites. If that
17 were the standard, then just for an example, Ricardo Grill --
18 Gil wouldn't be similarly situated to himself because he might
19 clean on one job site and weld on another and operate a jack
20 hammer on another. But all of that is manual labor. That
21 would be what we contend his primary duty is and that there's
22 no exemption that would qualify him -- that he would qualify
23 for.

24 To -- you know, from our perspective, the Defendant
25 should already have all this information. They keep records on

1 who works for them. They issue the paycheck. They keep
2 records of the hours worked. It should not be that difficult
3 to determine which ones were hired to be drilling hands, which
4 ones were hired to be drill pushers. De Laune is going to have
5 a position about the individual job duties. They don't need to
6 take depositions of the Plaintiffs to do that. They know their
7 business. They've already obviously raised those issues.

8 We believe we would have been opposed to a short
9 extension to respond to conditional certification to help
10 gather some of this material. They should respond to
11 conditional certification before we decide whether there's any
12 areas where there's going to be substantial disagreement that
13 might warrant further discovery.

14 And I'm happy to answer any questions but in our
15 perspective, this is pretty simple.

16 **THE COURT:** All right. Final comments?

17 **MR. BULLOCK:** Yes, Judge, thank you.

18 I just would like to say that the list of named
19 Plaintiffs and then the opt-in Plaintiffs that counsel did
20 provide and provide notice of what class that they -- which of
21 the two classes they were to belong to -- like I said, the
22 consents that we've been provided don't have any of that
23 information and some of these individuals did work in two
24 different jobs for De Laune perhaps during the relevant two-
25 year, which we think is appropriate, limitations period during

1 this time.

2 And so given the variation which can occur at each of
3 these different well sites and particularly depending on what
4 type of duties and what's happening on that well site, there
5 is, I believe, a question about whether there is truly a
6 similarly situated analysis that deserves some attention to
7 specific discovery before we get to the motion for conditional
8 certification.

9 So our thought and reason in filing the motion to
10 extend the days that -- as the Court knows, we have the initial
11 conference on June the 6th and we've -- both sides have served
12 written discovery today. So if we have 30 days to respond to
13 that, then that gives us two to three weeks to do some
14 depositions after that and then a week to provide briefing. I
15 believe we have the issue ripe for the Court's consideration at
16 the June 6th initial conference. It -- and that was --

17 **THE COURT:** But if you're going to be filing
18 everything right then, you know, I'm not necessarily going to
19 be reading it right then. So if you think you'll file it at
20 midnight on June 5th, then I'm not going to be ready by June
21 6th.

22 **MR. BULLOCK:** And I apologize. I realized it --

23 **THE COURT:** No -- well, no, it's just that people do
24 that all the time and I'm like, I have a thousand cases. You
25 know, they want to submit something. They want me to read it

1 right before the hearing.

2 **MR. BULLOCK:** Certainly the reason we are here is the
3 most important thing but -- and I appreciate the Court's
4 comments there. I mean, if, for example, the Court would like
5 to establish a briefing deadline that gives the Court a week or
6 perhaps two before the June 6th initial conference or maybe
7 reschedule the June 6th initial conference back a week after
8 that, I believe generally during that timeframe since we have
9 both served written discovery, we'll be able to get those
10 responses in 30 days. We'll be able to take some depositions
11 and hopefully confer and work with those -- each other
12 professionally to get that scheduled during that timeframe. I
13 believe we can have that issue ready for consideration by the
14 Court in that -- in the neighborhood of that initial conference
15 date.

16 **THE COURT:** All right. The Court's going to grant
17 the motion to extend the time to respond. I'm going to allow
18 them to do some targeted discovery. You are deposing these
19 five named Plaintiffs and it looks like we can get it done
20 within 60 days, correct -- the discovery?

21 **MR. STEADMAN:** I don't believe that having -- getting
22 them deposed will be that difficult.

23 **MR. BULLOCK:** And if --

24 **THE COURT:** Right. It kind of sounded like we were
25 going to wait for the written discovery and then try to get

1 them deposed right after that. That's what it sounded like to
2 me.

3 **MR. BULLOCK:** That would be ideal from Defendants'
4 perspective, just so we will have the results of that initial
5 written discovery to use during the depositions, Judge.

6 **THE COURT:** So that takes us into early June and then
7 maybe give you a couple of weeks to respond to the motion for
8 conditional certification, Brandy, which would put us where?

9 **THE CLERK:** You'd give them two weeks to respond to
10 the motion to certify. That would take us to the 20th of June.

11 **THE COURT:** Okay. And then we could have a
12 hearing --

13 **THE CLERK:** And then if you want to reset the initial
14 conference, how about July 15th at 1:00 o'clock?

15 **THE COURT:** And you-all can argue the motion then?

16 **MR. STEADMAN:** That would be fine, your Honor. May I
17 check my phone to make sure --

18 **THE COURT:** Yes.

19 **MR. STEADMAN:** -- we don't have a conflict with that
20 date?

21 **THE COURT:** Yes.

22 **MR. BULLOCK:** And, your Honor, just one point of
23 clarification. I understand the Court's ruling, I believe, but
24 I want to make sure that we're --

25 **THE COURT:** Okay.

1 **MR. BULLOCK:** -- consistent and all on the same page
2 here. Targeted discovery with respect to the depositions and
3 so that means that the depositions will be limited to issues
4 that are in connection with the conditional certification
5 motion?

6 **THE COURT:** Yes.

7 **MR. BULLOCK:** Okay.

8 **THE COURT:** Yes.

9 **MR. BULLOCK:** And just so we're clear, the targeted
10 discovery that we're able to take at this point with the
11 deposition of the five named Plaintiffs, that will not preclude
12 our ability to take a full merits deposition --

13 **THE COURT:** No.

14 **MR. BULLOCK:** -- at a later point?

15 **THE COURT:** No. We're just looking at the
16 conditional certification issue.

17 **MR. BULLOCK:** Okay.

18 **THE COURT:** That's all and you can depose them later
19 on merits depending on, you know, what happens and where we go.

20 **MR. BULLOCK:** Okay, thank you, Judge.

21 **MR. STEADMAN:** Your Honor, and if I may -- if these
22 five -- we're limiting the depositions to these five, we'd
23 prefer to just present them all at once rather than have them
24 appear twice and they can ask them whatever they want --

25 **THE COURT:** Well, that's up to you-all. It's just

1 normally, you know, the way we proceed is -- but if you want to
2 present them for a full deposition, I'm sure the Defense would
3 love to do that.

4 **MR. STEADMAN:** I --

5 **THE COURT:** So you're agreeing?

6 **MR. STEADMAN:** We will absolutely agree to that
7 rather than have a ton of --

8 **THE COURT:** Okay. But I'm not -- when I do the
9 conditional certification issue, I'm not looking at merits,
10 right?

11 **MR. STEADMAN:** Yes, your Honor.

12 **THE COURT:** So don't include that in your response.
13 It'll just give me more to read.

14 So it sounds -- then what else to address?

15 **MR. BULLOCK:** I believe those are the issues that are
16 currently before the Court.

17 **THE COURT:** And from the -- anything else from the
18 Plaintiff?

19 **MR. STEADMAN:** No, your Honor.

20 **THE COURT:** Okay. So I granted the Defendants'
21 motions. We're extending the time to file a response to June
22 -- what did you say, Brandy, June 20th?

23 **THE CLERK:** June 20th, your Honor.

24 **THE COURT:** I'm allowing some -- I said targeted but
25 if you-all are agreeing to full depositions on these

1 Plaintiffs, that's fine to be done within 60 days and then we
2 -- you-all can argue the motion to certify the initial pretrial
3 conference which we have set for --

4 **THE CLERK:** July 15th at 9:00 a.m.

5 **THE COURT:** Okay. If nothing else from the Plaintiff
6 or the Defense, you can be excused.

7 **MR. STEADMAN:** Thank you, Judge.

8 **MR. BULLOCK:** Thank you, your Honor.
